MIDWEST BROILER/FRYER - The preliminary majority prices delivered into the Chicago area were unchanged. The whole broiler fryer market tone was steady with offerings light to adequate. Demand into retail and distributive channels was light to moderate going into the Father's Day weekend with continuing best consumer activity on featured items and into catering, bar and grill, and fast food outlets. Floor stocks were generally balanced; weights desirable to light. Some power outages were noted in parts of the Midwest due to overnight storm damage; however no product loss or interruption was noted into the marketplace. Supplies of bone-in breasts and tenders were adequate to close and adequate to instances available on the balance of parts. The trade sentiment was fully steady to firm on bone-in breasts, fully steady on tenders, and mostly steady on the remainder of items.
