

Processed Chicken: National Mechanically Separated Chicken (Fri.)

Fri. Nov 09, 2012

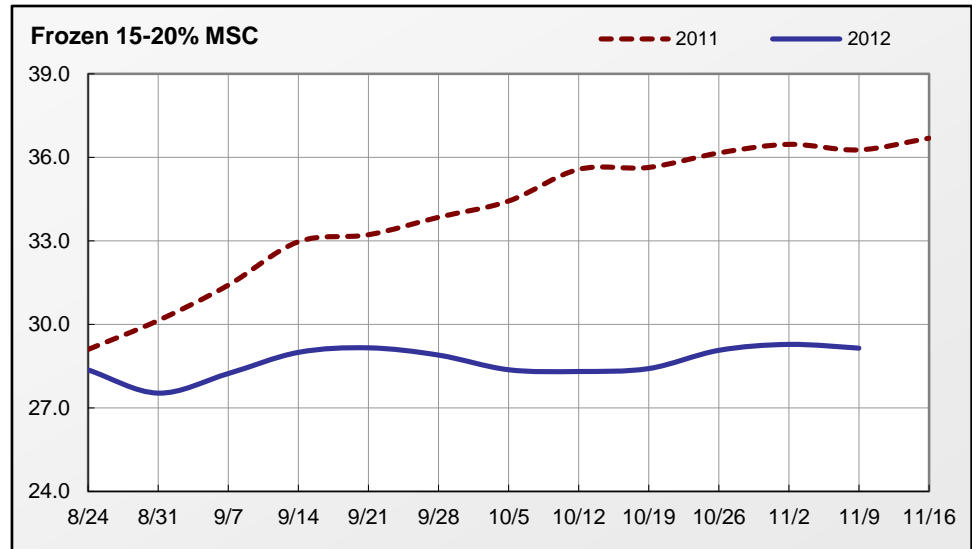

**Agricultural Marketing Service
Poultry Market News & Analysis**

(F.O.B. Shipper Dock or equivalent; negotiated prices in trucklot and less-than-trucklot volumes reported in thousand pound quantities, cents/pound; delivery within 2 weeks.)

MSC prices are trending steady on all fat contents. Supplies are moderate. Schedules are normal. Domestic and export demand is light to moderate. Industry maintains a close eye on the marketplace as producers continue to stay ahead on sales of MSC and frames, especially with the Thanksgiving holiday quickly approaching. Negotiations for 2013 contracts persist, however significant volumes of MSC and frames have been confirmed at price levels similar to lower than last year, as well as some formula based pricing. Market activity is slow to moderate. Raw material supplies are moderate. Spot frames traded between 11-13 cents FOB, mostly 12-13 FOB.
