1/ Information supplied by a universe of size indicated by the number of cooperators. Cooperators normally have stocks on hand each Monday A.M. and must report in both the current and previous week. This is a representative sample of the U.S. inventory and includes eggs packed for export when in cooperator's coolers.

2/ Specialty eggs include certified organic, nutritionally enhanced, cage-free, and vegetarian-fed types.

No valid comparison can be made with year ago or previous months' figures due to changes in number of plants surveyed, holidays falling in different weeks or changes in size of plant operations.
