## NATIONAL BROILER

Whole broiler/fryer prices are trending firm in the East, higher in the Midwest and West. Offerings of all sizes are light to moderate and clearing well. Retail and food service demand is light to good, mostly moderate to good entering the weekend with some buyers showing resistance to higher prices. Floor stocks are balanced to short as buyers are ordering hand to mouth. Market activity is moderate to active. In the parts structure, movement is moderate to good for late week business. Prices are trending steady to higher for wings, breasts and tenders; steady to at least steady for the balance of parts. Offerings of breast items, wings and tenders are short of full needs with premiums noted; other items are light to moderate for current needs. Market activity for parts is moderate to active. In production areas, live supplies are moderate; weights are mixed, but reported as mostly desirable. According to the National Agricultural Statistics Service (NASS) for the week ending December 29, 2012 broiler egg sets were up 1, and chick placements were down 2% when compared to a year ago. Based on the preliminary chick placements, the number of fryers available for marketing during the week ending 09-Feb-2013 is estimated at 150.0 million head, this compares to 152.1 million head a week earlier and 153.3 million head a year ago.
