NATIONAL BROILER

Whole broiler/fryer prices are steady to weak in all areas. Retail and food service demand is light to moderate following the holiday weekend as dealers assess the market. Offerings are light to heavy, mostly light to moderate for current trade needs. Floor stocks are mixed ranging light to heavy. Market activity is slow to moderate for early week business. In the parts structure, movement is light to moderate with many noted issues with truck availability for the West Coast (trucks can't find backhauls), new trucking inspection regulations and added cost. Prices are trending firm to higher for wings and whole breast, steady to at least steady for the balance of items. Supplies of wings are in close balance with premiums noted; whole breast are light to moderate and clearing well. Other items are sufficient. Market activity is slow to active. In production areas, live supplies are moderate; weights are mixed, but noted as mostly desirable.
