NATIONAL BROILER MARKET AT-A-GLANCE

Whole broiler/fryer prices are steady in all areas. Offerings of all sizes are light to moderate. Retail and food service demand is light to moderate, best for features and deli items. Floor stocks are mixed, sometimes light due to inclement weather that stretched across many states over the weekend resulting in plant closures and hazardous driving conditions. Market activity is slow to moderate. In the parts structure, movement is light to moderate following the weekend. Prices are steady to firm for tenders, at least steady for wings, steady to weak on bone in breasts and most dark meat items. Supplies of tenders are light and moving, and all other parts are moderate to heavy. Market activity for parts is slow to moderate. In production areas, live supplies are moderate at mixed, but mostly desirable weights.

The National Composite Weighted Average for 12/06/13 is 95.02 compared to 94.44 a week earlier, and 96.17 a year ago.
