NATIONAL BROILER

Whole broiler/fryer prices are steady to weak in the Midwest, steady in the East and West. Offerings of all sizes are light to available with heavier weights in the longest position. Retail and food service demand cover the full range but is noted as mostly moderate for current trade needs. Floor stocks are balanced to purposely long. Market activity is slow to moderate. In the parts structure, movement improved slightly under normal holiday demand and is noted as moderate overall with many dealers continuing to have trouble securing trucks for shipping. Prices are steady to firm. Offerings of wings are light to moderate with the heavier sized wings in best balance; other items are adequate. Market activity for parts is slow to mostly moderate. In production areas, live supplies are moderate at mixed but mostly desirable weights.
