Beans are in good demand with a firmer undertone. Market movement is still busy moving contracted beans while the spot market is limited. According to the 2016 dry bean statistics (all states) estimated total acres is 1,495,355 at a production CWT 25,429,881. This week peas and lentils are going to be ran as not established due to the transition from current crop to new crop. Harvest is underway for these commodities.
