

NEBRASKA WEEKLY SUMMARY

Recap For Week Ending

January 21, 2017

Receipts: This Week: 32,298 Week Ago: 48,328 Year Ago: 34,913

Compared to last week, steers under 500 lbs sold 4.00 lower, all other weights of steers sold steady to 2.00 higher. Heifers under 500 lbs sold steady, 500-600 lbs sold 3.00 higher with weights over 600 lbs selling 2.00 to 3.00 lower. Demand was good throughout the week for calves, feeder cattle and replacement cows. Optimism was prevalent this week again as fed cattle continue to surge in the post-holiday trading weeks. This week, fed cattle rose another 3.00 to 4.00 as live trading transpired at 122.00 to 123.00 and dressed sales were 5.00 higher at 195.00. A pattern has come to light the past couple weeks that after fed cattle trade occurs, there is a sell off on the CME Board. Market participants are protecting their positions to take advantage of this recent run-up in the market since Thanksgiving. Along with the handsome prices paid to producers, packers took on some inventory again as over 100K was sold in the 5 Area again this week. This week's feeder cattle supply included 58 percent steers with 68 percent of the run over 600 lbs.
